PUBLIC AND STATE HIGHER EDUCATION INSTITUTIONS

Academy of Arts, Architecture and Design in Prague

www.umprum.cz/web/en

The Academy is divided into the departments of architecture, design, fine arts, applied arts, graphics and theory, and history of art. Its studios are all led by eminent authorities of the Czech art scene.

Academy of Fine Arts in Prague

www.avu.cz/en

Founded in 1799, the Academy offers specialized studios with a high level of excellence in the field of painting, sculpture, printmaking, drawing, new media, intermedia, restoration, and architecture.

Academy of Performing Arts in Prague

www.amu.cz/en

The Academy is the largest Czech university-level school of drama, film, TV, multi-media, music, and dance studies. Thanks to its broad artistic scope, it is a unique school in the Central European space.

Brno University of Technology

www.vut.cz/en

With its excellent research outcomes, international recognition, and over 100-year tradition, BUT is one of the leading teaching and research universities in central Europe. Its programmes cover engineering, natural science, arts, IT, and economics.

College of Polytechnics Jihlava

en.vspj.cz

The College provides education and applied research in various fields of study. It focuses on meeting the needs of the regional labour market, companies and public administration. Students gain practical experience through an internship.

Czech Technical University in Prague

www.studyatctu.com

CTU is the oldest technical university in Europe and a leading technical research university within the region. It offers opportunities for engineers and architects of the future to learn from leading researchers in Prague.

Czech University of Life Sciences Prague

www.czu.cz/en

CZU is one of the leading European institutions in the field of life sciences. Situated on a beautifully landscaped campus, the university is also a place of innovative scientific research and discovery.

Charles University

www.cuni.cz/en

Founded in 1348, Charles University is one of the largest and oldest European universities using contemporary perspectives, modern methods and current data. It is also one of the most productive scientific institutions in the Czech Republic.

Institute of Technology and Business in České Budějovice

www.vstecb.cz/en

ITB is a dynamically developing higher education institution, offering practice-focused degree programmes. It endeavours to achieve maximal cooperation with the regional business entities and institutions.

Jan Evangelista Purkyně University in Ústí nad Labem

www.ujep.cz/en

UJEP is a young and dynamically developing university. It offers a variety of study programmes, ranging from human, social-economic and natural sciences to technical sciences. Linking the studies with practice is seen as the priority of all faculties.

Janáček Academy of Music and Performing Arts Brno

en.jamu.cz

Named after Leoš Janáček, one of the most distinguished figures in modern European music, JAMU is an art academy focused on music as well as performing arts.

Masaryk University

www.muni.cz/en

MU with almost 37,000 students and 10 faculties is currently the second largest Czech university. Classes are taught in a new, ultra-modern campus in world-class laboratory facilities and classrooms as well as in historical buildings in the city centre.

Mendel University in Brno

www.mendelu.cz/en

The university offers many highly specialized fields of study in the fields of agriculture, forestry, horticulture and economics. Its friendly campus includes a large botanical garden and an arboretum.

Palacký University Olomouc

www.upol.cz/en

UPOL is a renowned centre of teaching and research, covering fields from medicine to languages, philosophy, teacher training, sciences, law, sports and theology. Key research activities are directed toward biomedicine and biotechnology.

Prague University of Economics and Business

www.vse.cz/english

VŠE is a leading Czech university in the fields of management and economics. It is ranked by the Financial Times annually and has been appraised by the Eduniversal Ranking as one of the best business schools in Central and Eastern Europe.

Silesian University in Opava

www.slu.cz/slu/en

SU is a modern institution that provides a range of both professionally and academically oriented courses in the fields of mathematics, physics, history, literature, languages, economy, pedagogy, health care, public administration and arts.

Technical University of Liberec

www.tul.cz/en

TUL educates future economists, teachers and architects. It has also a tradition of research in close cooperation with the automotive and textile industries, e.g. the unique discovery of industrial manufacturing technology of nano-textiles.

Tomas Bata University in Zlín

international.utb.cz

TBU is an open and flexible university, developed in accordance with five values: entrepreneurship, openness, usefulness, creativity and responsibility. It has a high graduation rate and employability and plays an active role in the development of local industries.

University of Hradec Králové

www.uhk.cz/en

UHK is a university with a dynamic and youthful environment that provides high-quality education within a large scope of study fields such as economics, social sciences, humanities, educational studies, natural sciences and ICT.

University of Chemistry and Technology, Prague

study.vscht.cz

UCT Prague represents a melting pot where scientific discovery meets a friendly study environment with a highly valued personal approach. It is a first-rate study and research facility in the field of technical chemistry.

University of Ostrava

www.osu.eu

UO offers high quality education in the humanities, social and natural sciences, medicine, pedagogy, and fine arts. Its small size allows for an individual approach to the students and flexible reactions to the needs of the labour market.

University of Pardubice

www.upce.cz/en

The university is a welcoming place where a modern vibe meets 70 years of tradition. Future chemists and economists, philosophers and historians, transport experts, engineers and computer scientists, and restorers study here.

University of South Bohemia in České Budějovice

www.jcu.cz/en

USB has been the centre of education, research and science in the south of the Czech Republic for more than 30 years and provides a wide range of study fields including natural, human, health and social sciences.

University of Veterinary Sciences Brno

www.vfu.cz/en

The university consists of the Faculty of Veterinary Medicine and the Faculty of Veterinary Hygiene and Ecology. Emphasis is placed on practical training, which is supported by frequent internships at special workstations and clinics.

University of West Bohemia

www.zcu.cz/en

At the UWB you will find more than 130 study programmes focused on technology, humanities, arts/sciences, economics and health studies. UWB also focuses on research and has 3 Research Centres and 1 European Centre of Excellence.

VŠB - Technical University of Ostrava

www.vsb.cz/en

VSB-TUO has been connecting technical, economic, natural sciences and artistic disciplines in modern study programmes for more than 170 years responding to the real problems of the present. The key areas of research are energy and high-performance computing.

University of Defence

www.unob.cz/en

The University of Defence is a state university that educates military professionals and civilian students in national security and defence fields, based on the requirements of the Army of the Czech Republic and government administration.

PRIVATE HIGHER EDUCATION INSTITUTIONS

Anglo-American University

www.auni.edu

AAU prides itself on providing personalized and distinctive university education in the English language. It educates future leaders and global citizens in a multicultural setting of students from over 70 different countries.

Archip

www.archip.eu

ARCHIP is a private architectural college, where students not only get a hands-on technical training but are also taught that the architectural profession has strong societal, environmental and urbanistic implications.

ART & DESIGN INSTITUT

adi.cz/en

ADI is a school of modern conception for contemporary artists, it actively and flexibly reflects the current situation in the art business. The institute teaches classical techniques as well as the latest artistic trends.
